FRM Donates to 20 Local Charities

FRM has donated to 20 worthy causes with their help of their associates. FRM associates submitted charities and causes that are important to them and through a random drawing 20 charities were chosen and a total of \$10,000 was divided evenly between the charities.

Each year FRM has been able to increase the number of charities supported, the first year it was three, in 2020 it was 10 and in 2021 we are proudly donated to 20 great organizations with a \$500 donation to each. Donations are being sent to a variety of great organizations - from foster children, cancer research, veteran support, service dog training, food banks and several other charities.

“We have been blessed and are very happy to be in a position to help other that are in need. Being able to support causes that are important to members of the FRM family is special and a great way to celebrate the holidays.” – Tom Pierce, FRM Principal.

For more than 50 years, FRM, a leading manufacturer’s representative, has provided unsurpassed service and insight to the electrical community. Across a seven-state region, including AL, GA, FL, NC, SC, TN and VA; FRM utilizes more than 100 associates to ensure our customers receive the best solution for their needs. FRM has offices and warehouses in Charlotte, NC, Norcross, GA and Tampa, FL. For more information on FRM, please visit www.frminc.com
